Reflections

As you open your mind and turn the pages, regardless of how long you have been here, you will find some little impression that you will always associate with Elon.

However, even the most loyal student has probably wondered at one time or another, "What am I doing in this God-forsaken place?" But this little suitcase college still manages to draw more and more students. Somewhere there is that big magnet that has drawn us all here year after year, regardless of the smallness of the college or the living conditions.

Perhaps it has something to do with the memories of things that have happened to us at Elon. Remember the first day we arrived—even Elon seemed huge. That day

was full of fears, anxiety and just the right touch of excitement.

Many of us knew one or two people and no more. We were so far from the security of home and this was our first real step out of the nest. It was either grow up or be a flop. At times the line between the two seemed very fine, but somehow we made it. For many it was just through their first year and for many more it was through their college career. Regardless, all of us have grown and have possessed impressions that we will remember for years to come. Some that are sad, some that are mediocre, and some that are extremely happy ones. Yet, they are all reflections, reflections of days spent at Elon.

Pandora's Box

Where do we lie—
In the box of Pandora?
Is Elon awry
Like the box of Pandora?

Pandora, your Box is astir!
Like snakes in a basket,
Much is obscure
Of that which occurs.

Like out-of-door camping
Or in-the-pool swimming
Or unnoticed vamping
Or fast frisbee skimming!

While others may drive,
Toil and deserve,
Some will arrive
To primp and observe.

What else will the Box reveal
Other than on-campus life?
What does it conceal
About student life?

Aren't Bill's and the Lighthouse
An integral part?
(Fraternity gath'rings
Are only a start.)

And about the studies
And buddies
And teachers
And preachers;
Are they not, too, a part?

Some live on Campus,
Some live away;
And all give support
In some kind of way.

Out of the Box leap
Doers and goers,
Dancers and showers—
Twelve-hundred deep!

There are limitless things
That one can find
If one will only look
With an all-open mind.

Chance is the means
While change is the way
In all Elon's scenes
For needs of "Today".

Pandora's Box—won't close with
This year;
For it's sure to be noted that
Today's needs are not here.

Bad case of heartburn . . .

But Rolaids gets rid of anything!

Classes End Summer

When the role was called for the first time of the new school year, summer was automatically over. This signaled the dispensing with hot lazy afternoons at the pool. It urged the practice of puzzling over homework during cold evenings.

Many students received the beginning of school with misgivings. "Oh, for those sweet summer days that seemed endless for so long!"

Trudging from class to class, hardly paying any attention at all because of habitual daydreamings, these students dreaded miserable winter mornings of alarm clocks and early hours of stifled yawns over unfinished assignments.

To them, school was epitomized by constant dread and fear of what each new day would bring by way of difficult tests and teachers' reprimands.

But for a majority of students, the advent of a new fall term brought with it countless opportunities. New learning experiences awaited each as they cautiously approached unfamiliar classrooms.

Classes End Summer

Many new faces appeared and students discovered for the first time that others shared the same school with them.

Perhaps most important in the immediate future of returning students was the chance to improve themselves in music, sports, art or any other extracurricular activities. Hard work was the key; success was their reward.

From the courageous freshman entering a new school for the first time to the returning senior wisely looking ahead for graduate school or job opportunities, each student experiences the first day of school with his own individual ideas. The Back-to-School slogans pasted on dime store windows became a reality for some 2000 young men and women who, despite their differences of opinions, settled down for another three months.

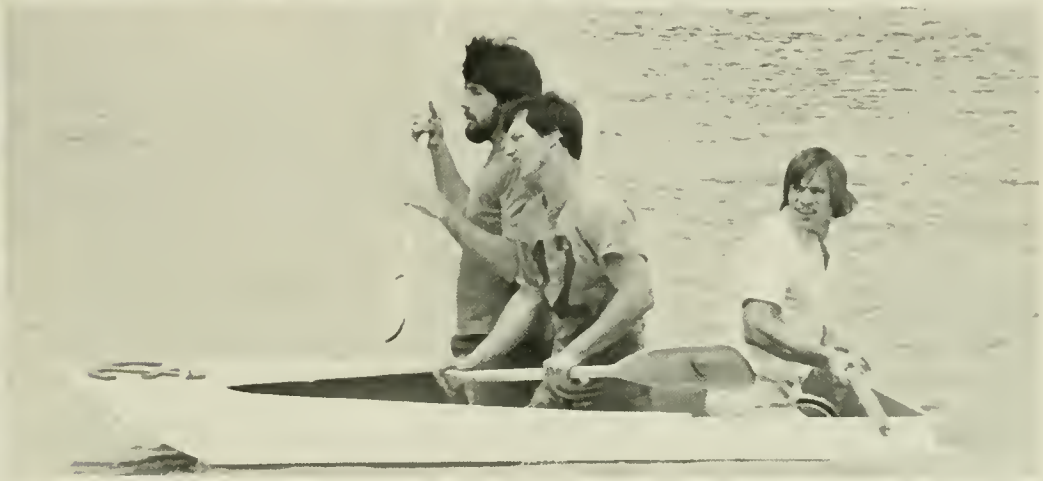
Week '77



A cold day in London

ELON GOES EUROPEAN

When the Elon College Chartered Capital International Airways Jet touched down in London, there was a great cheer from all those aboard. This cheer was two-fold; everyone was definitely glad to be in Europe, but more important than this, the passengers were relieved of hours in agony of having knees pushed into each other's backs. From here on out the Tube took everyone to where they wanted to go.

The "Friend at Hand" was certainly that for many Elon students at night. Gin and Tonics, and warm Bitters, were the orders of the day. Many afternoons were spent on guided bus rides all over England and most of the nights were filled with plays, symphonies, dancing, and whatever. Then that last week each person made his get-away, lost in his imagination, absorbing all that could be absorbed, knowing that just a little time was left in that land of fantasy.

They'll always remember:

FOOTBALL

To the surprise of most players on the football team, and to everyone in the community, the very successful coach, B. S. Red Wilson, resigned from his coaching position this past summer. The school lost no time appointing assistant coach Jerry Tolley to the head post. Under Coach Tolley's guidance, the team continued their winning tradition that has made them so famous in the past.

Although at times the team faltered, they stayed together and finished the season ranked no. 7 in the country. Gone were the superstar running backs of last year, but here to stay are the supermen of this year. These include freshman running sensation Bobby Hedrick, the human tank—Bob DeFrenn, and hard-nosed Billy Murphy.

Overall, it was a very successful season for the team, the new head coach, and the fans.

9-2 SEASON

The 1977 football season began with predictions of Elon's being no. 1 in the SAC and another perfect record. All this optimism was shattered after the first game when Elon went down to defeat while playing in South Carolina. The team quickly regrouped and once again began their winning ways. Once again South Carolina became losing territory as the team was thoroughly beaten midway through the season by Presbyterian. Showing the tremendous courage and determination the team had, they pulled themselves together and won the rest of the games on their schedule.

A 9-2 season is a very good season, but the two losses were untimely and caused Elon to miss the NAIA playoffs. The team was a good team as was demonstrated in the voting for the four playoff teams. Elon fell short by one vote.

GIRLS' VOLLEYBALL

Girls' volleyball always adds excitement to the sports life at Elon. This year's team was no exception. Coach Barbara Yarborough brought Elon yet another fine athletic team. Though the team was not very tall, they out-hustled and out-played many of their taller opponents. The team had another successful season and for those who saw any of their games, we know they added much enthusiasm to Elon.

BASKETBALL

Beginning, Middle And End

The beginning of this year's basketball season brought yet again hopes for a highly successful season. With seven returning lettermen and several key new recruits, Bill Miller expressed high optimism for this year's team. Injuries and poor academics stalled Coach Miller's high hopes for the 1977 team and many felt this was going to be another long season for the Fighting Christians. The return of center Charlie Williamson after winter term inspired the team and they quickly began to show the greatness predicted by Coach Miller at the season's beginning. Led by Larry Scott and freshmen Lee Allison and Clarence Dickerson, Elon has highly regarded offensive players. Duke Madsen turned in another fine year. Duke's floor play and leadership became known to everyone and for those of us who saw Duke play, we know he kept the team together.

As the playoffs approach, Elon has an outstanding chance to bring Coach Miller another Carolina Conference crown. Even if they do not reach this peak, this year's team brought many thrills to the loyal fans of the 1977 Basketball team.

BASEBALL TEAM IN TOP 16

The 1977 edition of the baseball team finished among the top 16 NAIA teams in the nation by taking runner-up honors in the area tournament after beating High Point twice for the District 26 Championship. Coach Bob McBee's team posted 30 wins in his initial year as coach and earned him Coach of the Year honors in District 26. Elon players garnered a host of individual honors as catcher Charlie Gamble made the all-area team along with first sacker Tommy Vaughn and designated hitter Phil Baskerville, all of whom made the all-district team. All-conference honorees included Gamble, Baskerville and pitcher Ronnie Johnson. All-state choices included Gamble and Kelly Miller, the 15th round draft choice of the St. Louis Cardinals. Second baseman Bob Stratton and Gamble have been nominated for the Academic All-American team. Charlie Lindsay and Miller broke the school record for stolen bases with 43 and 38 respectively. New team records for stolen bases (136) and most wins (30) also set.

LACROSSE CLUB

Team lines up for warm-up drills.

The Elon College Lacrosse Club, a dream of Tim Moore's and Bunny Carr's three years ago, has finally become a reality. Although the club placed six games last year, winning three and losing three, their schedule this year has expanded tremendously. The Club, which is financed through dues and a $650 donation from the Student Government, will provide Elon students nine home games with such teams as Clemson, Hampden-Sidney, South Carolina, and Tennessee, not to forget arch-rival Guilford College.

With a lot of work and some luck the team may turn out to be one of the better small college lacrosse clubs in the South. Hopefully, with a successful season and spectator support, the Club may obtain varsity status at the College next year.

Elon's team of tracksters will have a hard act to follow after their 1977 season. Elon's only loss in '77 came at the hands of High Point College but with that contest, the 1977 track team finished 9-1. 1978 is supposed to be an exciting season for Coach Johnson's trackmen. The schedule for 1978 is as follows:

GOLF FINISHES IN NATIONAL

Coach Bill Morningstar and five of his golfers finished eighth in the NAIA Nationals in June in Bay City, Michigan. After finishing second in the district tournament and winning the conference title for the third straight year, the team got an alternate berth in the nationals.

Chuck Scott missed All-American honors by a single stroke, but was named to all-conference and all-district teams with teammates David Graham and Danny Arnold.

Laugh as the beer flows fast,
as the spinning pairs
slip on the beer that's sloshed
on the slick wet floor.

And the plastic cups crack
and the smiles provide the laughter
and the eyes grow red
and grow redder still as the time goes faster.

Are you a Sister or Brother?
Hello, if you are, and if you're not;
Hello to you, the other!
We're all friends here ever after.

Crowd 'round the keg to fill
your empty mug or to dilute
your warm beer with the chilled;
there is no substitute.

Remember the work's been done
to provide this gold to drink
until there's none,
nothing but spewing foam.

Feel the music pulsate
through your body, let your heart
open to the warmth;
let brother/sisterhood take a part.

Alpha Sigma Alpha

Alpha Sigma Alpha established its Delta Rho Colony at Elon in February 1977. We are its first colony in North Carolina. As a young sorority, we have learned to open ourselves up to each sister's personality so that we may learn from each other and grow. Kappa Sig warmly welcomed us on campus with a party. Since then, we have had a pajama party with Sig Ep, and numerous other parties and mixers with ITK, Sigma Pi, TKE, and Kappa Sig. We love our parties, but Alpha Sigs are also interested in other things. We have sisters who are Resident Counselors, Academic Counselors, members of various honor societies, little sisters to fraternities, members of the Liberal Arts Forum and the Band, and one listed in **Who's Who**. Five sisters shared the experience of January in London. Each spring our sisters help with Alamance County's Special Olympics. Each Christmas we participate in a party for the local retarded children. This fall we sponsored our first annual Thanksgiving Canned Food Drive. We greatly appreciated Sigma Sigma Sigma's support and hope that next year each Greek organization will participate. Sore muscles and tired bodies were the results of Alpha Sigma Alpha's participation in the IFC's Easter Seals Bike-A—Thon.

To the delight of many students, Alpha Sigma Alpha raised money by selling carmel apples and doughnuts. Along with sisters from other sororities Alpha Sig's enjoyed the first annual Panhellenic Christmas Dance.

Phi Mu

Phi Mu started this season in full gear. Some of the outstanding events consisted of our spring banquet at the Holiday Inn in Greensboro, with the sisters and alumnae going out in style. At the third annual Greek Week, Phi Mu put a lot of effort and good times into festivities, placing first in the skit. "Isn't She Lovely" was the theme for the womanless beauty pageant in which Brian White, our sweetheart, placed first runner-up. Spring marked 125 years of spirit, with a service in which each initiated member gives a penny for each year since our founding. Pennies are used for Phi Mu scholarship loans. Each sister wore a rose carnation, the flower of Phi Mus, in memory of our three founders. In autumn came Homecoming, with two sisters on the court, a steak cookout welcoming freshman girls, a banquet for Parents' Weekend, as well as the election of our new sweetheart, Alan Robertson, a distinguished member of Kappa Psi Nu fraternity. Socially we have been very active—parties at Bill's, mixers with the fine fraternities on campus, and one with the Kappa Sigs at Chapel Hill. On the serious side, Phi Mu has sisters in the SGA, senate, and two are Majorettes. Two of our sisters are editors of the yearbook as well. Phi Mu had a service project for S.S. Hope, using the wishing wells at the mall in which more than 3,500 pennies were collected.

Sigma Sigma Sigma

In April the Tri-Sig's trucked down to the Royal Villa in Raleigh for the best spring banquet ever. Many alumnae were on hand as entertainment was provided by the super band, Julius Cobb and Passage. Once this fall, Sigma's "Big Man On Campus" contest brought in record contributions, which will go to the Robbie Page Memorial Fund. The Tri-Sig's have had parties, smokers, and mixers with all Elon fraternities thus far this year. Sigma sisters were very proud of their four homecoming representatives and two fraternity sweethearts who sponsored the Sigma's well on the homecoming court. TKE sweetheart, Lee Duke, was second runner-up to sorority sister Cathy Watkins, Kappa Psi Nu Sweetheart, who was crowned homecoming queen. Sigma sisters also maintained their close sisterhood throughout the summer with alumnae newsletters, sister newsletters, and get-togethers at Sigma weddings, in the Virginias and Carolinas.

True to their tradition, Sigmas have kept up their involvement in campus activities. On the academic scene one member is a lab assistant, while others are involved in student government as senators and class officers. The majors of the Tri-Sig's vary and many of the sisters are involved in curriculum oriented organizations. In addition to all of this there is one sister on the Lyceum Committee and two on the cheerleading squad.

Zeta Tau Alpha

"To realize that within our grasp in Zeta Tau Alpha lies the opportunity to learn those things which will ever enrich and enoble our lives." This statement summarizes the feelings of forty-nine coed's on Elon's campus. As a national fraternity, Zeta Tau Alpha was founded October 15, 1898 at Longwood College, Va. Since coming to Elon in 1971, Zeta has enthusiastically grown in membership, and now ranks as the largest sorority on campus!

The 153rd link of Zeta Tau Alpha, the Elon Eta Zeta's maintain a house on 203 Holt Avenue. The attractive frame house is the center of activity for Zeta. The first sorority to receive a house, the Zeta's have taken special pride in furnishing their home.

Bonded together by strong ties of sisterhood, the Zeta's also manage to participate in all aspects of college life. Among the forty-nine Eta Zeta's at Elon are: four cheerleaders, five class officers, and seven senators. Zeta placed two girls on the homecoming court when ITK's sweetheart — Lynn Nesset and Sigma Pi's sweetheart — Betsy Kinsey represented them. A number of Zeta's contribute their time to serving on committees involving student life, physical education, intramurals, and curriculum. Still other Zeta's devote their efforts to volunteer work with the Elon Home for Children and the Easter Seals campaign. As a national service project, Zeta Tau Alpha works with N.A.R.C. (National Association for Retarded Children). Zeta's also receive honors for academics with two girls chosen for Who's Who, and three girls inducted into Omicron Delta Kappa.

On the more social side of life at Elon the Zeta's maintained their tradition for ROCKING by partying with each fraternity. In the fall, Zeta hosted a highly successful P.J. party with TKE, at which the Virginia Tech Zeta's were guests. Zeta enjoyed a memorable Harry Buffalo party with ITK. Zeta and Sigma Pi joined in the holiday festivities by caroling in the Elon community. Zeta received invitations to ITK, Sig-Ep, Sigma Pi, and TKE smokers.

The past year for Zeta Tau Alpha has held some great parties, numerous honors, and many treasured memories!

Sigma Rho

On October 20, 1977, Sigma Rho was formally organized on the Elon College campus. Sigma Rho has a core of people who believe in Brotherhood and loyalty to the "wolf." Being the newest fraternity on campus gives Sigma Rho the opportunity to initiate change and eliminate apathy in the Greek organizations. Sigma Rho participates in intramural basketball and softball. They plan resort weekends to their ranch house in Boydton, Virginia, and their beach house at Pawley's Island, South Carolina. Sigma Rho is proud of the fact they have four brothers in **Who's Who in American Colleges and Universities;** three members in Omicron Delta Kappa, sister to Phi Beta Kappa. One of the members is the president of Omicron Delta Kappa, while another has been appointed to the Teacher Education Committee. Besides being represented in the I.F.C., one member is the secretary of this organization. In the future Sigma Rho will continue to grow and plans to go national this year.

Kappa Sigma

The spirit of brotherhood that unites the brothers of the Lambda-Lambda Chapter of Kappa Sigma has continued to make the fraternity one of the leaders in campus life this year. In every category, including intramurals, student leadership, and social life, the Kappa Sigs have proven themselves successful. The SGA contained four Kappa Sigma brothers, including Bunny Carr as Vice President. WSOE became a reality under the supervision of station manager Bill Zint and four other Lambda brothers. Eight Kappa Sigs were on the Elon Lacrosse Club. Bunny Carr and L. W. Waldrup each were recipients of the much coveted Kappa Sigma Scholarship Leadership Awards. Kappa Sigma threw some well-planned social events. The Homecoming Dance was a real success, as was the fall Open House. Football season sparked a series of pre and post-game parties. Because of the recently created House Corporation and dedicated alumnae, Kappa Sigma is making plans to build their own chapter house — a first on the Elon campus.

Sigma Phi Epsilon

Sigma Phi Epsilon is a national fraternity established in 1901 at the University of Richmond. It is constantly expanding and today is the second largest fraternity in the nation with over two hundred chapters and colonies on its roll. The Headquarters in Richmond, Virginia, offers the largest professional staff of any nationwide fraternity. The staff provides services such as scholarship funds, student loan programs, leadership programs, and job placement opportunities.

Sigma Phi Epsilon's North Carolina Mu Chapter at Elon has the longest heritage of any fraternity on campus, having been established as Sigma Phi Beta in 1918. In 1973, Beta became a charter member of the Sigma Phi Epsilon National Fraternity system.

This year the Sig Ep brothers were involved in many fund raising projects such as working with the Burlington Jaycees on the annual operation: Santa Claus Bingo game to help raise money for retarded children to buy gifts for Christmas. The walkathon was held for the American Cancer Society and also the brothers participated in the Bikeathon to raise money for Easter Seals.

Socially, with the help of the little sisters, the Sig Eps persisted to maintain various parties throughout the year, even with the stiff regulations that were placed on fraternity life. The annual Homecoming and Halloween dances hosted by the brothers were a tremendous success. In addition, the 25-keg blast held at the Martin Estate proved worthy.

CONTINENTAL

'78 YEAR OF THE PI

The 1977-78 academic year was one of dynamic growth for this young fraternity. After receiving its national charter in April of 1977, Sigma Pi is a vital part of Greek life at Elon.

Betsy Kinsey, Sigma Pi's sweetheart for '77-'78 was voted First Runner-Up in Homecoming Queen competition. During the spring, she was named as Queen of Hearts, following in the footsteps of Wanda McDowell, last year's Sigma Pi sweetheart.

Intramural sports at Elon have found a new champion in Sigma Pi. Following a well-deserved victory over TKE in football to win the fraternity championship, the Pis went on to win the water polo championship and finished fourth in volleyball.

Sigma Pi took over control of the Student Government Association with the election of Brother Tim Moore as President. Members of the SGA Senate included Brothers Kelly Harris, Russell Worley and Lynn Smith. Tom McLemore served as Defense Attorney and Steve Eanes was chairman of the Legal Aid Committee. John Atkinson worked as managing editor of the student newspaper.

Brothers Tim Moore and Kelly Harris were among those selected as Who's Who Among America's College Students.

Sigma Pi became the leaders in the social life of Elon College during 1977. Fall and spring open houses were held at Bill's Blue Room and very successful socials with ZETA, Phi Mu, and Sigma Sigma Sigma.

The 1977 Spring Banquet was held at the Golden Eagle Hotel in Greensboro, at which time Sage Brent Whitener and 2nd Counselor Rusty Smith were proudly presented with the hard-earned national charter. Col. Lemmonds and Judge Gary Tash, lifetime brothers of Sigma Pi, were on hand for the presentation.

Newly installed officers for the 1978 year are Wally Vinson, Sage; Grayson Whitt, 2nd Counselor; Lynn Smith, 3rd Counselor; Russell Worley, 4th Counselor; Dennis Lawson, 1st Counselor; and P. J. Stratos, Herald.

TKE

Once again the brothers Lambda Mu Chapter of Tau Kappa Epsilon Fraternity have proved that they are leaders in all aspects of Elon College life. Having won the overall intermural championship trophy, the Tekes went on to show their versatility by capturing first place in the Greek Week competition last spring.

The fall started off on the right foot with the election of lovely Lee Duke as fraternity sweetheart. Then Robin Fleming became Big Man On Campus in the annual campuswide election. Things continued to be successful when the brothers acquired nearly 300 eye wills for the North Carolina Eye Bank through a drive sponsored by the local Lions Club.

The first annual TKE Haunted House was a large success, scaring local children as well as local college students. A portion of the proceeds from this were donated to the Elon College Children's Home. The TKEs shined again by winning their second talent show in as many years.

In one of the more important aspects of campus life TKE has dominated the social scene with their weekly Over-the-Hump parties held at TKE cabin. The brothers have also rocked hard and steady and usually all night with the sorority girls from Elon as well as N. C. State and Virginia Tech.

TKE should have an equally successful spring with plans in the making for the annual Badin Lake retreat and the highlight of the TKE year, the Red Carnation Ball. Much continued success will remain on the horizon for Elon College's largest fraternity in the years to come.

Why can't we rock?

THE SENATE OF

Student Government Association

This year Elon's Student Government Association has made an effort to organize it's budget to reach a larger majority of the student body. The budget passed by the Senate allows for larger expenditures in the area of: entertainment, student services, and donations.

In the area of entertainment, the S.G.A. once again brought several big names to Elon for concerts. In September, the S.G.A. sponsored the first annual "Welcome Back Concert," with the Marvelettes, Bill Deal and the Rondells, and the Tams. Prior to homecoming, the S.G.A. provided for the students a dance at the National Guard Armory featuring the dance band — "Choice". In November, "The Drifters" entertained Elon students at the Alamance Country Club. Still, later that month, Elon students enjoyed a memorable night with Kenny Loggins and Dave Mason. Spring weekend promises to be one great event.

The S.G.A. office now contains a new copying machine which is available for the student's use at 3 cents a copy. Also the library hours have been extended, and freshman men are now allowed to eat breakfast in McEwen Dining Hall.

The Student Government has compromised much this year but has accomplished a great deal through this process. Hopefully, this year's administration has opened the road for a more liberal and visible institution here at Elon.

LAF

The Liberal Arts Forum is a student committee composed entirely of Elon College Undergraduates. Each year since 1958, this unique organization has planned and presented an annual symposium focusing on the liberal arts. Forum events tend to concentrate on the humanities in the widest sense of the term. The humanities remind us of what it means to be human.

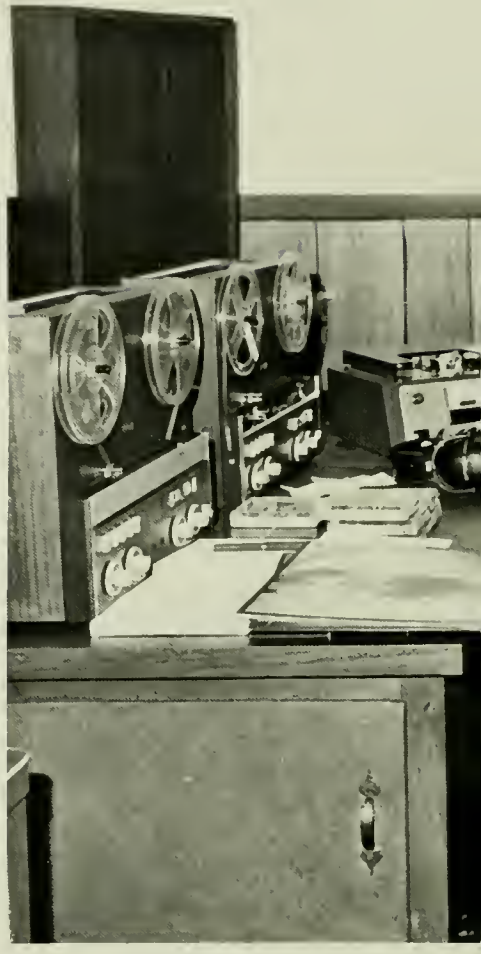
Gayle A. Fishel — Chairperson,
John G. Sullivan — Faculty Advisor

Lisa Garriques, Marianne Schulz, Sue Crompton, Carol Irwin, Marla Nigrelli, Jennifer Hunter, Diane Birchfield, John Wells, Holt McCormick, Gib Bain, Bill Britton, Warren Bell, Glen Keaton, Maurice Boswell

SUB

With the help of energetic members, the Student Union Board (SUB) accomplished numerous successful events. During the fall, some of their activities consisted of Las Vegas Night, the Sunday Night Movies, Paul Gerni the pool shark, the Parents Weekend talent show, etc. As for their future efforts, they will mainly concentrate on revitalizing the "Back Door" for a more coffee-house-type atmosphere. Members are as follows: Emily Adams, Warren Bell, Donna Sue Causey, Terrie Davis, Dave DeClark, Meri Ford, Cindy Grissom, Annette Hayden, Marty Hardison, Jennifer Hunter, North Johnson, Diane McAllister, Gwen McCarter, Pattie Moxley, Bonita Oakley, Tom Payne, Nan Pearson, Cathy Phelps, Mike Robinson, Valerie Smith, Ed Spigle, Barb Stokes, Pam Simpkins, Fraun Tally, Blair Thompson.



WSOE

Elon's radio station WSOE began broadcasting this year during the fall semester, and its 10,000 milliwatts of power have already begun to provide an added dimension to campus communication. WSOE is managed by students who spend many hours a week both on and off the air.

The following are some of the students who contribute to WSOE regularly: Russ Airington, Rhonda Apple, Ansis Aumalis, Richard Bradshaw, Lisa Bowen, Chip Holdren, John Holloway, Sam Lacey, Billy Odom, Valerie Smith, Ed Spigle, Cary Taylor, and Bill Zint.

The faculty adviser is Professor Anne Ponder.

Communications Board

The Board of Student Communications Media was created by Dr. Fred Young in the Spring of 1974. The Communications Board, as it is better known, is composed of an equal number of students and faculty. It was given responsibility for overseeing all student media, which now include **The Pendulum** (The student newspaper), **Colonnades** (the literary magazine), WSOE FM Radio Station, and PHI PSI CLI. Since its inception, the Board has been instrumental in founding a campus radio station, establishing a weekly newspaper, and bringing new communications courses into the curriculum. Campus media are supported by the Student Government Association and the College.

Mr. William Sharpe serves as chairperson of the Board. Student members are Dana Hill, Ed Spigle, and Rhonda Apple. The faculty representatives are Dr. Lamar Bland, Dr. Carole Chase, and Dr. Anthony Coyne. Dean William G. Long serves as liaison to the President.

Pendulum

"For some persons it may be more comfortable to live in a fantasy world in which nothing is bad and no one suffers. But ignoring a problem does nothing to solve it. It is up to the press, including the scholastic press, to make these problems known so that they may be solved." The Journalism Education Association.

This year's **Pendulum** has made great strides in the field of journalism at Elon College. In an effort to better inform its readership, the **Pendulum** under the direction of editor Kemp Liles became a weekly publication. The **Pendulum** also expanded its area of coverage from reporting on such topics as the zoning controversy between Elon College and the town to reporting on news of national interest and news from area colleges.

The editors this year also revived such columns and features as "Moore's Moods", "Faces in the Crowd," and movie reviews. New this year was the addition of an entertainment section written by Dan Doby and Becky Sharpe and a faculty column which rounded out the content of the newspaper.

This year's newspaper saw the return of the positions of Managing Editor and News Editor filled by John Atkinson and Dana Hill. Lisa Gayton, Elon's first woman sport editor, covered the formerly all-male field wholeheartedly.

ELON COLLEGE LIBRARY

Colonnades

Colonnades is the Elon College literary magazine published annually and funded by the SGA and SUB Board. This year's edition, volume 38 of **Colonnades**, has been assembled by a small group of students and faculty who have been working on the magazine since the fall term.

The student editors this year are Dwayne Gerni and Larry Hedricks, assisted by Dan Dody and Becky Sharpe. Professors Richard Fipan and Elizabeth McAfee have generously donated time in working with **Colonnades** advisor Dr. Andrew J. Angyal as faculty readers.

The editors of **Colonnades** welcome submissions of original poetry, prose (short stories, sketches, and chapters from longer works in progress), and essays written by Elon students, faculty, and alumni. Black and white photos, graphics, and other art work are also welcomed. The deadline for submissions, however, is January 15, and all entries become the property of **Colonnades**.

Phi Psi Cli

Have you ever awaked on a Monday morning with a hangover and a test that same day not knowing one thing that is going to be on the test because you haven't been to class in two weeks? Many students can identify with this feeling because here at Elon College it's only natural.

Yearbook staffers took tests and didn't know the material, not because of hang-overs or lack of studying, but because of unnecessary circumstances which left the **Phi Psi Cli** without an editor two weeks before the deadline. The big question was whether or not there was going to be a yearbook. Fortunately a few people cared. Some drove miles everyday and one came from out of state to help. In a way it was good working with old friends and meeting new ones. The work sometimes seemed endless; our staff got sick, remained tired, laughed, cried, and stayed irritable the whole fourteen days.

Many times the old and new staffers wondered whether it was all well worth it giving this school another yearbook. The old wondered if they were defeating their purpose; the new wondered if there was a purpose. If there wasn't a yearbook, would it matter or would the students accept it as another fact of life at Elon?

Twenty Represent Elon College In Who's Who

The 1977-78 edition of Who's Who Among Students in American Universities and Colleges carries the names of twenty Elon College students. The students who were selected were nominated by Elon's nominating committee composed of representatives from the student body, Faculty, and administration, and then approved by the National Board. These students are selected for their academic and leadership accomplishments as well as community involvement.

Each college is assigned a quota of nominees because of the variation in curricular and extracurricular programs. Elon had a quota of thirty-four for 1977. In order to insure a well rounded representation of the student body, this quota is carefully calculated.

Each student selected receives local and national publicity, and in addition will have his complete biography printed in the 1977-78 edition of "Who's Who Among Students in American Universities and Colleges."

Who's Who, after forty-three years of serving higher education, exists as one of the most highly regarded and long-standing honors programs in the nation. It has earned the respect of college faculties and administration. National recognition by the Who's Who program marks for the student great scholastic Achievement.

It has been a busy, productive year for all.

TKE

Emanons

The 1978 Winter Tour for the Emanons of Elon College proved to be another very successful trip for the renowned jazz ensemble. Their travels extended north to New Jersey and as far south as Tampa, Fla. Throughout the month there were thirty performances, and the total audience exceeded 25,000 people, including high school students and the general public.

The first week of tour involved a series of local high school performances. Then, it was off to West Virginia, where the band taped a performance for WHIS television of Bluefield. Next, the Emanons traveled to Virginia Beach, and from there circuited through Maryland, Delaware, New Jersey, and left for home after a concert and a snowy night just outside of Washington, D.C. Tired of cold, snowy weather, the band pursued sunshine and warmth in Florida. Indeed, on two consecutive days the temperature did skyrocket into the low sixties! Despite the sweltering heat, the Emanons visited St. Augustine and Marineland, then, settled in Orlando for the remainder of the tour month. The highlight of the tour was a performance in Florida's famous Walt Disney World, including a day off in Fantasyland for the band. After Disney World, the band traveled to Tampa, performed twice, and then headed back home in time for Spring Semester.

Gospel Choir

The Elon College Gospel Choir has been around campus for a number of years, but because of recent interest, its membership has increased. The choir is under the direction of Marsha Hughes and Beverly Faison and the leadership of Zebadee Talley and Wes McLaughlin. The fifty member choir practices very hard weekly and sings at church on Sundays in and around the area. They have also made many appearances in North Carolina and Virginia.

Aside from representing Elon, the choir takes pride in sharing their inspirational gospel music with others.

BCS

In an effort to promote Black cultural, educational, and social programs on the Elon College campus, the Black Cultural Society was organized in 1974. Since then the society has played a vital role in the enrichment of the unique Black cultural characteristics. Keeping in the tradition, this year's society has been responsible for an array of social events on campus: a sickle cell clinic, a Christmas program for Elon Home for Children, weekend entertainment on campus, and major project — Black History Week.

B.C.S.'s goal is to stimulate a strong self-concept among Black students and share this concept with other students here at Elon. The president is Gwedolyn Crawford, Bryant Colson is both vice-president and treasurer, and the secretary is Francis Murrell.

. . . "But In Reflecting Back"

When you think about it, Elon was more than twenty out-of-date brick buildings. It was a lot of things that we really took for granted. It was a teacher who stayed long after office hours to help you learn micro. It was a friend who picked you up when you felt down. It was a friend who helped you study the part he knew when he needed to study the part that he didn't know. It was the friend who at 2:00 in the morning would crawl out of bed to take you to Sambo's. It was the friend who dropped everything to go to the Lighthouse with you, so you wouldn't have to walk over alone.

It was the people who passed quickly through your life, but left you somehow forever changed. It was the people who kept you safe and warm and happy, those who made Elon more than a few bricks and a little mortar.

At the time it was so easy to take those people for granted but in reflecting back, we'll never understand why we did.

Just Begun

Regardless of the location, outliving the academic rating of a Freshman is perhaps one of the greatest achievements a college student can accomplish. For most students the Freshman year is their first real time away from home sweet home. Regardless of any student who says there was "no problem," we all were faced with some adjustments. There's always the shock of coming from a small town high school where everyone knew us and then walking into an atmosphere where we are just another face. This and other problems were faced differently by different students—but we all had to face them. For some it meant calling home every other night, going home every weekend, writing home three times a week. Another side reveals a type of adjustment referred to as "letting loose." For the first time many could come in when they wanted to—or not come in at all—and not have to listen to probing questions. It meant partying every night until your head seemed to keep a buzz 24 hours a day. Yes, some of us went over the end just a little with our new freedom from Mom and Dad. In our first month we probably grew up more than we had in the past two years. But of all the adjustments we made, the initial ones were perhaps the worse. Remember the feeling when you sat in your room all alone waiting for an unknown person to walk in and declare himself as your roommate.

cont.

Remember the feeling when your roommate decided not to come till the next day and you had to sleep in a new room, a new place, all along—awakening to all the strange sounds as you slowly grew accustomed to a new environment.

As the days increased everyone began to adjust and become a part of Elon in his own way. A few naturally didn't make it but, as the old cliché goes, "only the strong survive." Most manage to settle down to enjoy some great years of being young for they have just begun. They have just begun to really live.

"Pardon Me"

Probably the general feeling of all Sophomores is the relief of not being a Freshman or the newcomer any longer. They have overcome many of the uncertainties of their first year at Elon, and are now given their first chance to really get involved. In place of the uncertainty experienced during the Freshman year, they are now given a sense of responsibility. There is also a sense of ease present with their professors and the routine of Elon that did not exist as a Freshman.

It is particularly evident who they are at the beginning of the year when you notice a smug student watching the Freshmen getting lost going to classes. They'll be the first ones to walk up to the Freshmen, clear their throat and say "Pardon Me, do you need some help finding a class?" and "If you ever get lost just ask anyone." You know, it sure feels nice to be on the other end of the walking cane.

The entire semester is full of chances to demonstrate their new sense of power and the Freshmen seem inevitably under their powers. But they'll play the same role in just one year—so a word for the Sophomores-to-be—start practicing up on "Pardon Me."

So Close — Yet So Far Away

As the semester hours add up, it seems sometimes as if you will never make it to that magic number. The Junior year means that you've got half of it all behind you. You're getting really close now, you're so close yet so far away. You might say you're just sort of a middleman. But this is traditional for any Junior ranking. You're no longer ranked as a beginner, but you still haven't reached that ultimate goal. There's really no time to sit around thinking about it though, for most are now into their major courses and that

means time to buckle down on the studies. For some this year's courses seem to be the hardest yet, while for others, they are just now getting interesting. No more general college credit courses—it's really down to business now. Of course there is still time to party—and this is probably the best it's been yet. Now you've had time to get involved and you've met more people to party with. Just make sure you enjoy every party, because you're getting close now—close to the end of your college years — but it's not close enough to worry about it—not yet anyway.

The End—Slow As It Was

Spasms of excitement surge through the the veins; for what you are not sure. The only surety is that it is the end. The end—16 years, 17 years, 18 years (and even more for some "particularly exceptional" students) of schooling are now over. Finally after all the agony, sweat, frustration, laughter, and tears, you are through. "No more school! No more Elon! Praise be!"

For many the agony is now over and they couldn't be happier; but for others it leaves a certain sense of pain, depression, and fear. For most it'll mean no more Bill's or the Lighthouse bashes, one to seven nights a week; no more hell weeks, Greek weeks, jock

raids, panty raids. It means no longer running down the hall to that special friend who is always there. It means saying good-bye to friendships and relationships that are four years old. No longer do you have to worry about getting back to school soon enough to get a parking place. It's no more sneaking members of the oppostie sex up to your room for a little afternoon delight. It's the end of a lot of things that have been your way of life for four years. Now you are faced with a new life, a life that is full of uncertainties and fear. Will you be able to get a job after working so long for that all powerful degree? It is now time to see, for the end lurks ominously about; around every corner, in empty closets, in silent classrooms
